## Classic Line

### Radius/Square Corner - Blank Plastic Panel Inserts

This page features our Classic Line Precision-Molded Panel Inserts. The precision molding of the panel gives a positive fit in the Classic Line holder for a great architectural look. The panel inserts features a 1/16" bevel (step down edge) which reveals the second surface color in the 2-ply material. The precision-molded panel inserts are available in 2-ply materials for vinyl, engraved or silk screen lettering and 2-ply solid color material for vinyl or silk screen lettering see *Classic Line* Color Selection Sheet for Holder Colors and Panel Insert Colors. We also offer a wide variety of other material types custom fabricated. Everything from 1/8" clear/matte acrylics for subsurface lettering to 1/8" solid color plastics to 1/16" engraving materials available in designer colors and more. See *Architectural Aluminum Series* Color Selection Sheet.

When filling out your order form be sure to specify • QUANTITY • PRODUCT # • PANEL INSERT COLOR #  
(panel insert color # indicates material type and color).
